

## ***AYC Academy and Sea school training - RYA learn to sail courses***

England and the Mediterranean.

### **RYA Yacht master coastal / Offshore**

**PRICE: EUR 680,-**

#### **COURSE DETAILS:**

5 Days course

This is the next step for those who hold the Coastal Skipper course completion certificate and who are considering undertaking the RYA/MCA Yachtmaster Coastal Exam.

An important aspect of this course is taking command and making decisions on a well planned and executed passage.

This is also your opportunity to discuss with the instructor any areas where you feel there are weaknesses as well as for the instructor to suggest areas which he feels need improvement.

Each student who wishes to undertake the exam will be examined for 6-10 hours by an independent RYA Yachtmaster Examiner (examination fee payable to the RYA) as they skipper the yacht on short passages and complete various demonstrations of skippering techniques. As all of our instructors have been through these exams themselves they will be able to prepare you appropriately so that you are relaxed and confident on the day.

The minimum age for award of certificate is 17.

#### **Suggested Previous Experience**

You should have at least:

- ) 30 days sea time (2 as skipper)
- ) 800 recorded miles
- ) 12 night hours

For holders of the Coastal Skipper Practical course completion certificate the sea time requirement is reduced to:

- ) 20 days sea time (2 as skipper)
- ) 400 recorded miles
- ) 12 night hours

Your knowledge of coastal navigation and meteorology should be to the standard of RYA Coastal Skipper Yachtmaster Offshore shore based Theory course.

You also require:

VHF Radio Operators Licence

Valid First Aid Certificate

Passport sized photograph

Examination fee payable to the RYA (cheque or credit/debit card only)

Course Options

Five day brush up course

Five days on board the boat to include exam (leaving reduced training time)

Five consecutive days on board, usually commencing at 2030 hours on Sunday evenings.
